

Let's Be Green!

The cabins and cottage are enrolled in the Virginia Green program. Please recycle aluminum cans, plastics and glass. At the Outfitters we can recycle your aluminum cans and plastic bottles but no glass.

Our staff is using 'green' cleaning products whenever possible. Our paper products are from recycled papers. At the Outfitters, we also recycle cardboard.

The Outfitters sponsors 'river clean up' days during the week and a special Sunday in September. This was started back in the early 70's. Tons of flood debris, tires, parts of houses, cars, etc. have been removed over the years. Operation Clean Water.

Please help us keep the cabins, cottage and Shenandoah River beautiful! Enjoy your stay!
