TUBE & STEAK DAY

Shenandoah River Outfitter's specialty, a relaxing tubing trip ending with a charcoal cooked steak dinner, is becoming the most popular way to enjoy the river. We start with a tubing trip that can be exciting and/or relaxing depending on the water level. People of all ages enjoy our trips, most of them are beginners.

The outing begins in the morning with a 10:30 departure from the Outfitters. Then on to the river where you discover the beauty and serenity of the Shenandoah River--flowing between the Blue Ridge and Massanutten Mountains and through the George Washington National Forest. The trip is a 3 1/2 -5 hour float (depending on water levels) through the riffles, the deeper serene areas and maybe a rapid. Stop along the river bank and enjoy the lunch you packed in the cooler that floats in the cooler-tube with you or just float & eat as you go. The bus meets you at the end and returns you to the Outfitters so you can shower and change before dinner.

The trip's finale is a steak dinner, complete with all the trimmings, cooked over open fires in our pavilion. The meal is designed to satisfy even the largest appetites. Then sit around the fire, roast marshmallows and enjoy a sing-a-long.

The day doesn't have to end with dinner; also available is nearby camping in the woods by the Outfitters--called Camp OutBack. Camp under the stars, glory in the sunrise and then have a second day of tubing or try canoeing, for a change of pace. Or reserve one of our River Cabins.

Come and enjoy a relaxing day of fellowship with friends, canoeing, tubing, swimming, fishing and picnicking in the beautiful Shenandoah Valley.

See you on the River.....
The SRO Staff
